PRECISION CUTTING & DOWEL DRILLING

MORSØ - F DELUXE

Miter Machine

Foot-operated

- ▼ Dust free operation
- ▼ No compressor needed
- ▼ Exact 45° degree cut
- ▼ No noise

MORSØ-F DELUXE, foot-operated miter machine with safety guard, waste chute, sliding longitudinal stop, colored measuring scale, adjustable fence (45°-90°) on both sides of the blades and adjustable rabbet supports.

Cuts hard wood, soft wood, plastic and MDF.

This twin-blade guillotine cuts double miter at 45° and single miter up to 90°. Tenon, mortise joints and a wide variety of angled cuts can also be made.

The miter machine leaves the cut surface of the wood perfectly smooth and accurate, requiring

no further preparation before joining. The horizontal movement of the knife block is stepwise adjustable. The vertical movement of the knife block is also adjustable. The sliding longitudinal stop and the measuring scale ensure accurate repeat work.

The special lever system ensures a very easy operation of the machine. Twin return springs automatically bring the blades back to the starting position.
